HEALTH INSURANCE

Modern life brings with it many uncertainties. With increasing cases of sudden illnesses and accidents, it is not uncommon to see decades-long savings vanishing in a moment. Medical emergencies force us to spend days or months in hospital or at home, recovering. While we recover, we lose our savings. With the right insurance plan, we can ensure a secure future for our families and protect our dreams and ambitions for them.

Health Assurance from Max Bupa - for financial protection during critical times

Health Assurance is a unique health insurance plan tailored to provide a combination of covers to you and your family. It allows you to choose your own course of treatment, without binding you to a particular hospital or room type. As a fixed benefit plan, it offers you a lumpsum amount, thus reducing the financial impact caused by any medical emergency and giving you complete peace of mind.

Benefits of Health Assurance

1. UNIQUE FLEXIBLE COMBINATIONS

Health Assurance gives you the flexibility to choose from three covers. These can be bought individually, or can be clubbed together to give a fixed benefit that not only protects your lifestyle, but also helps you meet your expenses.

CritiCare Cover: It covers the 20 most common critical illnesses that occur amongst Indians – cancer, open chest CABG, heart attack, heart replacement/ repair of heart valves, stroke, paralysis, coma, kidney failure etc.

AccidentCare Cover: It covers accidental death and also provides disability benefits.

HospiCash Cover: It provides daily cash allowance for other miscellaneous expenses when the insured person is in hospital.

You can opt for any of the below 6 combinations:

- | CritiCare + AccidentCare + HospiCash
- | CritiCare + AccidentCare
- | CritiCare + HospiCash
- | AccidentCare + HospiCash
- | CritiCare only
- | AccidentCare only

An example to illustrate the unique flexibility of Health Assurance

Mr. Ashish is interested in purchasing a fixed benefit product, which would offer him complete protection in conditions of Critical Illness and Personal Accidents. He also wants a cover, which would offer coverage for incidental expenses in case of hospitalisation. Health Assurance will give him the flexibility to pick any, or all three benefits.

2. CHOOSE THE SUM INSURED

Depending upon your income and risk assessment, you have the flexibility to choose from different Sum Insured amounts.
